MAP AND TERRAIN NOTES

Langelandsfjellet, scale 1:15.000, 5-meter contour interval. Released 2015. Updated autumn 2018/spring 2019.

Medium hilly forest terrain with varying runnability. All agricultural grounds are illegal to run on. This also applies the edges of these areas. This is marked on the map, but not in the terrain.

Men's course have a map change. This is done by turning the map at the final control on the first leg. This control is marked as a starting point on the new map. The following controls on map 2 are numbered in the same sequence as on map 1.

Old map of the area is available at the Eventor website.

COMPETITION CLASSES

W21E and M21E.

World Cup granskningsløp May 5th 2019

START

First start at 10:00. Start interval: 3 min.

Approximately 2.500 m walking distance along footpath/road from arena to start. Tapes will mark route from arena to start, see Areanskisse in the back of bulletin for direction eastward from the arena (text on areanskisse: *Til start søndag (WC ranking)*). This route is also the warm up area.

There will be pre-start procedure

Pre-start:

Here you find start/bib number and GPS-device for self-service.

Make sure you are at the pre-start in due time for this. The bib number must be properly attached to your race shirt (front) with the safety pins provided at pre-start.

Competitors will not be called up individually, and it is your responsibility to be ready for start at the correct time.

The competitors must be ready to leave the pre-start 3 minutes before their starting time.

Leave the pre-start when the clock at pre-start shows your start time.

There will be staff present at pre-start to control these instructions are followed.

Tapes mark the track for pre-start to start. This will take you 1,5 minute at jogging pace.

Start:

Here you find control descriptions (self-service) and the actual race start (competition time).

It is the competitor's responsibility to start at the correct time. Start the race when the clock at start shows your start time. Do not start in advance! There will be staff present at start to control these instructions are followed.

Tapes mark the track from race start to course start (Approximately 200 m).

START/BIB NUMBER

If you ran Saturday's event you already have the bib – number and you know where to put it. Other participants will find their bib-number at start. (See info above).

NUTRITION DURING RACE

At one of the controls, we will provide drinking water and squash. In the W21E class, this will be after approx. 6 km. In the M21E class after approx. 7,5 km.
